WORKED EXAMPLE

FreeToolr

One PDF for a job application

You have three files: a 4-page cover letter, a 6-page CV and a 2-page certificate.

1. Open Merge PDF on FreeToolr
2. Add the three PDFs
3. Drag them into order: letter, CV, certificate
4. Merge and download

Result: **One 12-page PDF, made on your own device**

FreeToolr

Three tips before you start

Check what happens to your file

Look for 'runs in your browser' before you drop a private document into any site.

Keep the original

Save a copy until you have checked the merged or compressed result.

Signatures do not carry over

Merging creates a new file, so earlier digital signatures are no longer valid.
